MEMORANDUM FOR:

[REDACTED]
Director, OBG

SUBJECT : Request for Geographic Brief on Cambodia

1. In the course of current activity, I have recently had occasion to look over your intelligence report entitled, "Geographic Brief on Laos" (CIA/BI GR 67-14, February 1967). This is a solid piece of work of the kind that is most useful to those of us concerned with the Laotian problem.

2. It would be most helpful if a similar study could be prepared as soon as conveniently possible on Cambodia, since interest in Cambodia is steadily mounting and several key questions with respect to Cambodia have strong geographic overtones.
